### **Instructions to Bidders**

#### **SECTION - A**

#### 1. Scope of Works

The Dibrugarh University Institute of Engineering & Technology, Dibrugarh invites quotations for the construction of works as detailed in the table given below

Brief Description of the Works	Approximate value of Works (Rs.)	Period of Completion (In Days)
small lab partitions and class room partitions are required.	1000000	30

The successful bidder will be expected to complete the works by the intended completion date specified above.

- Qualification of the bidder: The bidder shall provide qualification information which shall 2. include:-
  - Total monetary value of construction works performed for each year of the last 3 years: (a)
  - Income tax clearance certificate from the concerned IT circle; (b)
  - Report on his financial standing; and (c)
  - Details of any litigation, current or during the last 3 years in which the bidder is involved, (d) the parties concerned and disputed amount in each case.
- To qualify for award of the contract the bidder:-3.
  - should have satisfactorily completed as a prime contractor at least one similar work of value not less than Rs. 500,000 in the last three years;
  - should possess valid electrical license for executing building electrification works (in the (b) event of the works being sub - contracted, the sub-contractor should have the necessary license);
  - should possess required valid license for executing the water supply/sanitary works (in (c) the event of the works being sub-contracted, the sub-contractor should have the necessary license);

#### **Bid Price** 4.

- The contract shall be for the whole works as described in the Bill of quantities, drawings a) and technical specifications. Corrections, if any, shall be made by crossing out, initialling, dating and re writing.
- All duties, taxes and other levies payable by the contractor under the contract shall be b) included in the total price.
- The rates quoted by the bidder shall be fixed for the duration of the contract and shall c) not be subject to adjustment on any account.
- The rates should be quoted in Indian Rupees only. d)

#### **Submission of Quotations** 5.

- The bidder is advised to visit the site of works at his own expense and obtain all information 5.1 that may be necessary for preparing the quotation.
- Each bidder shall submit only one quotation. 5.2
- The quotation submitted by the bidder shall comprise the following :-5.3
  - (a) Quotation in the format given in Section B.
  - (b) Signed Bill of Quantities; and
  - (c) Qualification information form given in Section B duly completed.

- 5.4 The bidder shall seal the quotation in an envelope addressed to the Dibrugarh University, Dibrugarh, Assam- 786004. (Purchaser). The envelope will also bear the following identification:-
  - Quotation for **DUIET/TEQIP24/LAB/CIVIL WORK** (Name of the Contract)

Do not open before 12:00 27-Feb-2018 (time and date of quotation opening).

- Quotations must be received in the office of the Dibrugarh University Institute of 5.5 Engineering & Technology, Dibrugarh (Employer) not later than the time and date given in the letter of invitation. If the specified date is declared a holiday, quotations shall be received upto the appointed time on the next working day.
- Any quotation received by the Dibrugarh University Institute of Engineering & 1.6 Technology, Dibrugarh, (Employer) after the deadline for submission of quotations will be rejected and returned unopened to the bidder.
- 6. **Validity of Quotation**

Quotation shall remain valid for a period not less than 15 days after the deadline date specified for submission.

**Opening of Quotations** 7.

Quotations will be opened in the presence of bidders or their representatives who choose to attend on the date and time and at the place specified in the letter of invitation.

- Information relating to evaluation of quotations and recommendations for the award of contract 8. shall not be disclosed to bidders or any other persons not officially concerned with the process until the award to the successful bidder is announced.
- **Evaluation of Quotations** 9.

The Employer will evaluate and compare the quotations determined to be substantially responsive i.e. which

- meet the qualification criteria specified in clause 3 above; (a)
- are properly signed; and (b)
- conform to the terms and conditions, specifications and drawings without material (c) deviations.
- **Award of contract** 10.

The Employer will award the contract to the bidder whose quotation has been determined to be substantially responsive and who has offered the lowest evaluated quotation price and who meets the specified qualification criteria.

- Notwithstanding the above, the Employer reserves the right to accept or reject any quotations and to cancel the bidding process and reject all quotations at any time prior to the award of 10.1
- The bidder whose bid is accepted will be notified of the award of contract by the Employer prior 10.2 to expiration of the quotation validity period.
- **Performance Security** 11.

Within 15 days of receiving letter of acceptance, the successful bidder shall deliver to the Dibrugarh University Institute of Engineering & Technology, Dibrugarh (Employer) the performance security (either a bank guarantee or a bank draft in favour of the Employer) for an amount equivalent of 3 % of the contract price. The Performance Security shall be valid till the expiry of the period of maintenance of the work, specified in clause 12.

**Period of Maintenance:** 12.

The "Period of Maintenance" for the work is six months from the date of taking over possession or one full monsoon season whichever occurs later. During the period of maintenance, the contractor will be responsible for rectifying any defects in construction free of cost to the Employer.

**13.** Purchase of all construction materials including cement and steel as per the specifications (ISI certification marked goods wherever available) shall be the responsibility of the contractor.

#### 5. **Completion time**

The works should be completed in \_\_\_\_\_ \_\_\_\_ (months/weeks/days) from the date of this Agreement. In exceptional circumstances, the time period stated in this clause may be extended in writing by mutual consent of both the parties.

- If any of the compensation events mentioned below would prevent the work being completed by 6. the intended completion date, the first party will decide on the intended completion date being extended by a suitable period:
  - The first party does not give access to the site or a part thereof by the agreed period. a)

- b) The first party orders a delay or does not issue completed drawings, specifications or instructions for execution of the work on time.
- c) Ground conditions are substantially more adverse than could reasonably have been assumed before issue of letter of acceptance and from information provided to second party or from visual inspection of the site. d)

Payments due to the second party are delayed without reason. e)

- Certification for stage completion of the work is delayed unreasonably.
- 7. Any willful delay on the part of the second party in completing the construction within the stipulated period will render him liable to pay liquidated damages. @ Rs.\* which will be deducted from payments due to him. The first party may cancel the contract and take recourse to such other action as deemed appropriate once the total amount of liquidated damages exceeds 10% of the contract amount.

(Note: The amount of liquidated damages per day should be determined at 0.07 % of the contract value of the works and indicated here).

### 8. Duties and responsibilities of the first party

- 8.1 The first party shall be responsible for providing regular and frequent supervision and guidance to the second party for carrying out the works as per specifications. This will include written guidelines and regular site visit of the authorized personnel of the first party, for checking quality of material and construction to ensure that it is as per the norms.
- 8.2 The first party shall supply 3 sets of drawings, specifications and guidelines to the second party for the proposed works.
- 8.3 Possession of the site will be handed over to the second party within 10 days of signing of the agreement.
- The Engineer or such other person as may be authorized by the first party shall hold meeting 8.4 once in a month where the second party or his representative at site will submit the latest information including progress report and difficulties if any, in the execution of the work. The whole team may jointly inspect the site on a particular day to take stock of activities.
- The Engineer shall record his observations/instructions at the time of his site visit in a site 8.5 register maintained by the second party. The second party will carry out the instructions and promptly rectify any deviations pointed out by the engineer. If the deviations are not rectified, within the time specified in the Engineer's notice, the first party as well as the engineer nominated by it, may instruct stoppage or suspension of the construction. It shall thereupon be open to the first party or the engineer to have the deviations rectified at the cost of the second party.

#### **Duties and responsibilities of the second party** 9.

#### The second party shall: 9.1

- take up the works and arrange for its completion within the time period stipulated in a)
- employ suitable skilled persons to carry out the works; b)
- regularly supervise and monitor the progress of work; c)
- abide by the technical suggestions / direction of supervisory personnel including d) engineers etc. regarding building construction;
- be responsible for bringing any discrepancy to the notice of the representative of the first e) party and seek necessary clarification:
- ensure that the work is carried out in accordance with specifications, drawings and within f) the total of the contract amount without any cost escalation;
- g) keep the first party informed about the progress of work;
- be responsible for all security and watch and ward arrangements at site till handing over h) of the building to the first party; and

- i) maintain necessary insurance against loss of materials/cash, etc. or workman disability compensation claims of the personnel deployed on the works as well as third party
- f) Pay all duties, taxes and other levies payable by construction agencies as per law under the contract (First party will effect deduction from running bills in respect of such taxes as may be imposed under the law).

### 10. Variations / Extra Items

The works shall be carried out by the second party in accordance with the approved drawings and specifications. However, if, on account of site conditions or any other factors, variations are considered necessary, the following procedure shall be followed:-

- The second party shall provide the Engineer with a quotation for carrying out the Variation when requested to do so by the Engineer. The Engineer shall assess the quotation, which shall be given within seven days of the request before the Variation is ordered.
- b) If the quotation given by the second party is unreasonable, the Engineer may order the Variation and make a change to the Contract Price which shall be based on Engineer's own forecast of the effects of the Variation on the Contractor's costs.
- **c)** The second party shall not be entitled to additional payment for costs which could have been avoided by giving early warning.

### 11. Securities

The Performance Security shall be provided to the Employer no later than the date specified in the Letter of Acceptance and shall be issued in an amount and form and by a bank or surety acceptable to the Employer. The Performance Security shall be valid until a date 28 days from the date of issue of the Certificate of Completion in the case of a Bank Guarantee.

### 12. Termination

- 12.1 The Employer may terminate the Contract if the other party causes a fundamental breach of the
- 12.2 Fundamental breaches of Contract include, but shall not be limited to the following:
  - the contractor stops work for 28 days and the stoppage has not been authorized by the Engineer;
  - (b) the Contractor has become bankrupt or goes into liquidation other than for a reconstruction or amalgamation;
  - (c) the Engineer gives Notice that failure to correct a particular Defect is a fundamental breach of Contract and the Contractor fails to correct it within a reasonable period of time determined by the Engineer;
  - (d) the Contractor does not maintain a security which is required;
- 12.3 Notwithstanding the above, the Employer may terminate the Contract for convenience.
- 12.4 If the Contract is terminated the Contractor shall stop work immediately, make the Site safe and secure and leave the Site as soon as reasonably possible.

### 13. Payment upon Termination

If the Contract is terminated because of a fundamental breach of Contract by the Contractor, the Engineer shall issue a certificate for the value of the work done less advance payments received up to the date of the issue of the certificate, less other recoveries due in terms of the contract, less taxes due to be deducted at source as per applicable law.

13.2 If the Contract is terminated at the Employer's convenience, the Engineer shall issue a certificate for the value of the work done, the reasonable cost of removal of Equipment, repatriation of the and securing the Works and less advance payments received up to the date of the certificate, per applicable law.
14. Dispute 2.11.

### 14. Dispute settlement

If over the works, any dispute arises between the two parties, relating to any aspects of this Agreement, the parties shall first attempt to settle the dispute through mutual and amicable consultation.

In the event of agreement not being reached, the matter will be referred for arbitration by a Sole Arbitrator not below the level of retired Superintending Engineer, PWD to be appointed by the first party. The Arbitration will be conducted in accordance with the Arbitration and Conciliation Act, 1996. The decision of the Arbitrator shall be final and binding on both the parties.
