

Program Overview

The online FDP on "Online Teaching and Assessment Pedagogy" is aimed at finding the contemporary challenges faced by academic. With sparse physical classroom engagements, many institutions have migrated to the online mode. In these circumstances the need for training and quick adaptation of such pedagogical methods is critical. It is an attempt to help fellow academicians gather the requisite skills to be able to plan, design, and deliver their courses online. The 5 day program is an introductory course on some of the pertinent pedagogical and platform related topics.
