#### **ABOUT THE CONFERENCE**

We are organizing a three-day international conference during the period 1-3 March, 2023. The goal of this conference is to provide an international platform to discuss recent developments majorly in the field of Materials Chemistry and Catalysis. However, the scope is not limited to only Materials Chemistry and Catalysis and spreads to almost all areas related to chemical sciences. The scope covers the recent developments in the following areas of research:

- Characterization
- **Functional Nanostructured** Materials
- Materials for Energy **Applications**
- Catalysis for Water Treatment
- Photo/Electro Catalysis
- Organometallics in **Catalysis**
- Biocatalysis and **Biotransformation**
- Computational Chemistry

- Materials Synthesis and
   Environmental Catalysis and Sustainable Chemistry
  - Catalysis in Chemical **Synthesis**
  - Polymer materials and **Technology**
  - Semiconducting and **Optical Materials**
  - Bioremediation of petroleum hydrocarbons
  - Natural products and **Drug discovery**

### **ABOUT THE UNIVERSITY AND CHEMISTRY DEPARTMENT**

Dibrugarh University was established in 1965 and plays a vital role in the higher education and research of the northeastern part of the country. The research works of several of its postgraduate departments have been recognized nationally under SAP-DRS and DST-FIST schemes. It has earned reputations for opening many frontier and job-oriented courses in all branches of social and physical sciences.

The Department of Chemistry was established in 1968. Since its inception, it has been offering M.Sc., M.Phil and Ph.D. programmes. The faculty members have been undertaking research projects sponsored by various national agencies such as UGC, DST, DBT, CSIR, ISRO, GBPIHED etc. The department has received financial assistance from the DST under DST-FIST-I and from UGC under SAP-DRS-I.

#### **HOW TO REACH**

It is located just beside the National Highway 37, at 5 Km from Dibrugarh railway station and 22 km from Dibrugarh airport. Dibrugarh airport is well connected to the rest of the India via regular Air India, Indigo and Jet Airways services.

#### **CLIMATE**

The mighty Brahmaputra flows across the city and is surrounded by lush green tea gardens. The climate of Dibrugarh during March remains pleasant. The temperature ranges between 21 to 26 °C during March in Dibrugarh.
