

“WORLD WETLAND DAY-2024”

Theme: “WETLANDS AND HUMAN WELLBEING”

On February 2, 2024, the Centre for Studies in Geography celebrated "World Wetlands Day with great enthusiasm. The event witnessed the participation of 26 students of 2nd and 4th Semester students, accompanied by faculty members including the esteemed chairperson.

The gathering showcased a collective commitment to raise awareness about the importance of wetlands in our ecosystem. Various discussions took place for the deeper understanding of wetland conservation among the students.
